

# Sustainable Population Australia

PO Box 85, Deakin West ACT 2600 | Ph: 0434 962 305

[www.population.org.au](http://www.population.org.au)

---

**Position:** Social Media and Promotions Coordinator

**Type:** Remote, Part Time/Contract (20 hrs./week) with 3-month probation period. Successful applicant will require an ABN and be eligible to work in Australia for taxation purposes.

**Compensation:** \$30/hr. Paid monthly by SPA on receipt of invoice.

**Deadline:** 28/05/2022

**Report To:** This position will be directly reportable to the Communications Manager and the Sustainable Population Australia (SPA) National Membership and Marketing Committee (MMC).

**Description:** Working within a dynamic small NGO, the Social Media and Promotions Coordinator will be instrumental in promoting the public profile of SPA. The main focus of this role will be to build SPA's social media presence and community following. Additionally, the successful applicant will assist, where required, in the general promotion and planning of SPA campaigns in cooperation with the Membership and Marketing Committee (MMC).

This position will be suitable for any resident of Australia with access to a computer and internet access. For the most part, the successful applicant will work remotely. In addition to regular email based correspondence with the MMC, there will also be monthly MMC online meetings and regular phone meetings with the communications manager, who will be supervising this position. The position will require daily creation of social media content, but would otherwise be ideal for applicants who value part-time and flexible working hours.

The position is ideally suited to applicants who have a specific interest in environmentalism, population sustainability and limits to growth. A demonstrated knowledge of the impacts of overpopulation in Australia and abroad will be highly regarded. Experience in working for small volunteer based NGOs will also be valued. While not critical for the role, applicants with experience and an interest in graphic design would be highly regarded.

In addition to flexible working hours, this position offers competitive hourly remuneration with an opportunity to work alongside a dynamic and supportive team, working towards goals of critical importance to the environment and sustainability.

## Essential Criteria:

- A high level of demonstrated experience and competency in social media.
- Excellent written and spoken communication skills.
